

ESTIMATING OTRT CURTAIN PRODUCT COSTS

- Perform a linear take off of the track length (example to the right).
 - Count number of beds and calculate the total linear feet of rail.
 - Perform a take off for other areas that need privacy and require curtain exchanges
 - When installing the OTRT system on an existing traditional hook and track system, decide if the old fabric will be reused for the new system
- _____ feet
 - _____ bends
 - _____ beds
 - _____ total feet of rail
 - _____ rail feet, other
 - Yes, we will reuse our fabric
 - No, we will purchase new fabric
